ACTION TAKEN BASED ON THE FEEDBACK OF STUDENTS (Session 2019-20)

From the feedback forms received from the students, the IQAC had a meeting with the Heads of various departments to give their valuable suggestions and the necessary actions had been taken by the college administration. Faculty are directed by the principal to discuss the issue of lengthy syllabi in the Board of Studies meeting, so that necessary points should be taken into consideration and changes should be made accordingly. Toilets have been renovated and one complete drinking water unit has been installed near college canteen. Three additional core courses viz. History, Music and BCA are introduced in the curriculum. In order to ensure e-Learning, e-Content has been prepared in all subjects.

ACTION TAKEN BASED ON THE FEEDBACK OF TEACHERS (Session 2019-20)

After analyzing the feedback given by the Teachers, we came to know about the precision and applicability of the available syllabus and the various courses proposed in it. The syllabus is easily accessible in the college library. Some suggestions have been received to make minor changes and modifications such as revision of the syllabus and proper distribution of number of lectures to every unit, along with more focus on the application part of the syllabus. The instructions were given by the Principal to the heads of all departments to present these suggestions in the concerned Board of Studies meetings.

ACTION TAKEN REPORT BASED ON THE FEEDBACK OF STUDENTS (2020-21)

After analysing the feedback from students, it seems that they are satisfied with the way and quality of teaching by our faculty. The general outcome of the feedback indicated a positive result on the teachers and their teaching-learning process viz. knowledge and lecture delivery by the teachers, use of ICT, teacher-student relation etc.

Though, at certain points, they had suggestions regarding some changes, implementations and improvements in various parameters such as:

- i) practice test on regular basis,
- ii) precision of syllabi,
- iii) need of more faculties,
- iv) inclusion of more core and skill courses,
- v) smart way of teaching to make the classrooms more interactive and activity oriented,
- vi) infrastructural modifications like need of more classrooms, and
- vii) renovation of toilets and instalment of additional water units.

The report is submitted to Principal for further necessary action.

ACTION TAKEN REPORT BASED ON THE FEEDBACK OF TEACHERS (2020-21)

For the review and design of syllabus, the college asked the teachers through a set of questionnaire to give their valuable suggestions and remarks. Their feedback form included the following questions:

- i) appropriateness of the syllabus,
- ii) time duration for its completion,
- iii) availability of the syllabus in the college library,
- iv) relevance of the syllabus in real life situation,
- v) overall effectiveness of the syllabus.

The report is submitted to Principal for further necessary action.

ACTION TAKEN REPORT BASED ON THE FEEDBACK OF ALUMNAE (2020-21)

For the quality outcome in the teaching-learning processes and for the overall screening of various aspects of the college with the motive to make further developments and changes; a set of questionnaire was given to the alumnae. Their feedback form included the following parameters viz. examination system adopted, completion of the subject courses, transparency of the evaluation process, competence and commitment of the teaching faculty, hospitality, discipline practices, sports facilities, students participation in various co-curricular activities, enhancement of students personality, carrier-oriented programs, student-teacher relationship, valuable counselling and guidance of the students.

From their feedback survey reports, it was observed that they have suggested following reforms in the college such as:

- i) improvement of the drinking water facility,
- ii) renovation of washrooms,
- iii) inclusion of more valuable books in the college library,
- iv) sports activities,
- v) introduction of career and value added courses in the curriculum.

The report is submitted to Principal for further necessary action.

ACTION TAKEN BASED ON THE FEEDBACK OF ALUMNAE (2020-21)

By taking into consideration their valuable suggestions, actions have been taken by the college administration immediately. Thus, to resolve their problems for the benefit of present and future students of this college, a new well-equipped drinking water unit has been installed near canteen. Further, the renovation of washrooms and the updation of library with the inclusion of various essential books in all subjects have been done regularly. Various career counselling and value added activities for the encouragement of students have also been organised by 'Career Counselling Committee and Industrial Skill Centre' every year, so that the shortcomings' felt by the Alumnae, should not be faced by the students in future. For infrastructural modifications, Smart class rooms and e-Content room have been constructed to enable the ICT teaching. The construction of new classrooms is also under progress. The renovations of many classrooms and laboratories have also been done.
